

Residents can rid their basements and garages of hazardous household materials this summer at special collection sites throughout central Ohio.

The City of Columbus Refuse Collection Division, working with Neighborhood Pride, the Solid Waste Authority of Central Ohio and other central Ohio communities, is participating in a series of Household Hazardous Waste (HHW) Collection Events.

Rather than throwing away paints, solvents, batteries, fertilizer, motor oil, propane cylinders, smoke detectors, old ammunition, etc., bring these items to any of the HHW collection events listed below.

Throwing materials in your trash container can result in spills on streets, contamination of landfills, and health risk to citizens. Bringing household hazardous waste to any of these collection sites protects the environment by ensuring proper disposal and/or recycling.

Sites are open on Saturdays from 9 a.m. to 4 p.m. and Sundays from 10 a.m. to 2 p.m.
